## B&B named as one of top 10 in world

A TORQUAY boutique B&B has been named as one of the top 10 in the world.

The 25 in Avenue Road is a five-star luxury boutique B&B on the south coast, often referred to as

the English Riviera due to its temperate climate.

It has been named as number nine on the list of Best B&Bs in the world by TripAdvisor.

Andy and Julian Banner-Price

are preparing for their fourth season at the business having already collected a wide range of awards.

Andy said: "It is obviously really good news not just for us but for the English Riviera."

When people look at Trip Advisor they see the world-ranked businesses first and have to choose to look at the UK, so Andy said it should help the resort's ratings as well.
